European Regional Development Fund

1st General Assembly – Hoeksche Waard

To officially get started with our project, we would like to welcome all our full partners, subpartners, associated partners and interested farmers on our first General Assembly at Hoeksche Waard (Netherlands). We like to give you a view on the present situation and the planned activities in the 12 pilot regions. Next to networking with the partners within and between the pilot regions, you will also be able to give your vision on the project. Last but not least, we will visit the Hoeksche Waard. This is one of our pilot regions with a great expertise in field margins.
